The HeartBeats Summer Dance Intensive Program is designed to improve the technique of both new and experienced dancers. It will help dancers maintain muscle tone and flexibility over the summer and give them a leg up on the fall season.

All classes are open to all students meeting basic age and level requirements. Classes are not limited to company members. Color-coding is just a guide for company recommendations. If in doubt about proper placement, please contact Windy@hbeats.com or call her at 703-440-9000. Schedule is subject to change and minimum enrollments. Rates posted are per student.
